2" GAS DRIVEN TRANSFER PUMP

\$ 349.00

AEB2WL-E3C GAS DRIVEN PUMP

2X2GAS

Whether for just plain water or your agricultural chemicals and fertilizers, this economical gas driven pump is the answer. Powered by a 3-1/2 horsepower Briggs & Stratton gasoline engine, this self-priming centrifugal pump furnishes up to 166 gallons per minute and total heads to 80 feet. The pump itself is constructed of glass filled polyester, EPDM elastomers, and stainless steel hardware to give you a very corrosive resistant pump. Both the suction and discharge are 2" female NPT and the pump has a built in check valve. It weighs only 37 lbs which makes it lightweight and easy to handle.

CAPACITY CHART FOR AEB2WL-E3C

10' tdh	20' tdh	30' tdh	40' tdh	50' tdh	60' tdh	70' tdh
165 gpm	150 gpm	130 gpm	115 gpm	100 gpm	70 gpm	40 gpm

2" DELUXE GAS DRIVEN PUMP

\$ 369.00

SEB2PL-E3C GAS DRIVEN PUMP

2X2GASDLX

When you need a little more head, the deluxe 2" suction and 2" discharge model powered by Briggs & Stratton 3-1/2 hp gasoline engine is the pump for you. The housing, volute and impeller are glass reinforced polyester. Rubber parts are EPDM, and the shaft seal is stainless steel with carbon and ceramic faces, EPDM fitted. Working pressure up to 50 psi and total flow up to 200 gallons per minute.

CAPACITY CHART FOR SEB2PL-E3C

10' tdh	20' tdh	30' tdh	40' tdh	50' tdh	60' tdh	70' tdh	80' tdh	90' tdh
150 gpm	140 gpm	125 gpm	110 gpm	95 gpm	80 gpm	60 gpm	40 gpm	20 gpm

2" 5.5 HP GAS DRIVEN PUMP

\$ 319.00

SEB2PLE55 GAS DRIVEN PUMP

SEB2PLE55

The SEB2PLE55 self priming gas driven pump has the same capacity as the 2X2GASDLX pump above. The pump is made of corrosion resistant polyester for use with Nitrogen, Atrazine, and Roundup. Maximum 52 psi shut off and flow to 160 gpm. The engine is a 196cc Lifan overhead valve engine, with cast iron cylinder sleeve, low oil shut off, and electronic ignition.

2" ALUMINUM CASE GAS DRIVEN PUMP

\$ 650.00

02G3AE GAS DRIVEN PUMP

02G3AE

The 3.5 hp aluminum case makes this model even more durable. Stocked for the user that prefers metal construction instead of thermoplastic.

CAPACITY CHART FOR 02G3AE

10' tdh	20' tdh	30' tdh	40' tdh	50' tdh	60' tdh	70' tdh	80' tdh	90' tdh	100' tdh
150 gpm	140 gpm	127 gpm	113 gpm	98 gpm	84 gpm	70 gpm	52 gpm	30 gpm	5 gpm

\$ 170.00
